MEMORANDUM FOR THE RECORD

SUBJECT: CIA Group on NSSM 229

1. The group met this afternoon to discuss the task before us. Several specific items are to be addressed by one or more of the group for reporting back by next Wednesday, as follows:

25X1 a. [] in consultation with OLC and OGC, will report on the adequacy of the Executive order treatment of compartmentation systems.

25X1 b. [] will report on the adequacy of the provisions in the NSC Directive and Appendix A concerning storage, protection, transmission, etc. of classified information.

25X1 c. [] and I will advise with respect to the Federal Advisory Committee Act, S. 5 and S. 1, in that order.

d. Harry Eisenbeiss will advise with respect to the provisions of the order and directive concerning the automatic data indexing system.

2. I also indicated that at the next meeting I will propose some additional subjects and items to address. All concerned were invited to consider the general assignment facing us including particularly the how's and why's of proposing relief from the Executive order concerning the Agency and the intelligence community effort.

3. For the moment, the plan is to meet at 4:15 in the DDA Conference Room each Wednesday, but it is anticipated that this probably will have to be speeded up shortly.
